

Major Prophecies Being Fulfilled

Christ has given the prophecies and will fulfill them, wake up and prepare for that day!

Fred R. Coulter—January 6, 2018

Greetings, everyone! Welcome to Sabbath services. Here we are 2018. Time keeps going on.

Every time you get to a point you think the end's really close, then something else happens. We'll talk a little bit about prophecy again today, following up on the sermon *Christ Fulfills Prophecy*.

Just to bring you up on a couple of things. How many have heard of the Wonder Bible? (as seen and advertised on TV) I got one of these to find out what it was. It was pretty good. The quality was adequate and it was the *King James Version*.

What I did, I had Randy Vild contact overseas and see if we can get something like this made. So far he's got something that will hold the whole Bible and all the commentary and all the appendices. Guess what the cost would be per copy? *About \$8!* If we put them out all on CDs it would cost over \$75 just for doing all of that. So, if we got like 5,000 that's \$40,000 at \$8 each, and we'd be able to handle that. He's going to get some more information on it and so forth. I appreciate his work doing that.

I want to cover two things very important before we get into today's topic. Let's first of all go to 2-Tim. 3, because this is mightily important for today in the things that are happening, as well as what has happened in the past. *It is absolutely amazing!*

Here's the thing that we need to understand and really keep in the forefront of our minds: ***the Word of God is the Truth of God, from the God of Truth!***

We know in 1-John 2 it says that 'there can be no lie of the Truth.' That's a true statement; however, if it is twisted and Truth does not agree with truth, but trying to make truth agree with human understanding, then it can become a lie.

Just like John Hagee; one of the best Protestant preachers and oh, he's dynamic and he can hold your attention. ***But he's a Sunday-keeper and everything's based on a lie!*** You must have Truth upon Truth. You can't take a lie and then preach the Truth and have the Truth that you say make the lie of the basis that you started on become true. *It's still a lie!*

It's like if you go to court and someone gives testimony and they leave out the most important part of the testimony. What happens? You get a bad judgment. This is what has happened.

I know we have gone over these how many times, but we need these things in the forefront of our mind because Satan the devil is out there really working overtime to deceive this whole world and to come again after the Churches of God.

2-Timothy 3:15: "And that from a child..." We have a lot of people who have grown up in the Church, *a lot of them!* I want to ask you who have grown up in the Church: **Do you really believe?** We've got a series of five segments on **churchathome.org: Do You Really Believe?**

"...the Holy Writings..." (v 15). Of course, the thing that happens with Protestantism—I'll explain it in just a little bit to you—is that they reject the Old Testament. How did they come up with that?

"...which are able to make you wise unto salvation through faith, which *is* in Christ Jesus" (v 15). Out of the Old Testament:

- all the prophecies
- all the statements
- even the genealogies

Because you must have the legal basis in Truth from God down through the genealogies to Jesus Christ *to know that He is actually the prophesied Savior and that Prophet* (Deut. 18).

Verse 16: "All Scripture *is* God-breathed..."

- men try and add to it
- men try and change it
- men try and make it suit their fancy
- *but that doesn't change the Word of God*

"...and *is* profitable for doctrine, for conviction, for correction, for instruction in righteousness so that the man of God may be complete, fully equipped for every good work" (vs 16-17). That's not only for the minister, but that's for every person that God has called.

- What did Jesus say about the disciple? *It's sufficient that the disciple become as the teacher!*
- Who is our Teacher? *Jesus Christ!*
- What are we to teach? *What He taught, the Word of God!*
- How are we to grow in grace and knowledge? *Become more and more like Christ, have the mind of Christ in us and as Paul wrote, 'Christ formed in us!'*

God is doing a great and a fantastic work! Look at how many times in the Bible it's gotten down to just a few people. That's happened over and over again.

2-Timothy 4:1: "I charge you, therefore, in the sight of God, even the Lord Jesus Christ, Who is ready to judge *the* living and *the* dead at His appearing and His kingdom: **Preach the Word!**... [that's what is to be taught, the Word of God, which is able to build you up unto salvation] ...Be urgent in season and out of season; convict, rebuke, encourage, with all patience and doctrine. For there shall come a time... (vs 1-3).

This is repeated over and over again, perhaps as many generations as there has been within the Churches of God down to our day, and it's going to happen again. They're already working on it!

"...when they will not tolerate sound doctrine..." (v 3). 'Oh, no, we don't need doctrine, we need to just focus on ourselves. We just need to focus on our group.' **No! Everyone of us need to focus on God the Father and Jesus Christ and the sound doctrine!**

"...but according to their own lusts..." (v 3). Think about it! Yes, the responsibility lies with the ministers and teachers, *but also with all the brethren.*

- Are the brethren responsible as well?
- Are they being judged by God how they live their lives and what they really believe?
- How many people have double-mindedness: one foot in the world and one foot in the Church?
- How many people want the blessings of God and be liked by the world?

That's not how Jesus did it!

"...but according to their own lusts they shall accumulate to themselves *a great number of* teachers, having ears itching *to hear what satisfies their cravings*; and they shall turn away their own ears from the Truth; and they shall be turned aside unto myths" (vs 3-4). *All the holidays of the world are myths!*

Ken gave me the magazine by *National Geographic: The Real Jesus* (Dec. 2017). On the inside from the imagination of men are all the so-called pictures of Jesus. What did the second commandment say? *You shall not make them and you shall not bow down to them!* What did Paul say? *The Godhead is not like art devised by men!*

This is why Steve Green at Museum of the Bible did not have any pictures of Jesus. He got criticized for it. He could have said, 'Well, that's

idolatry.' But he gave a very good answer. He said, 'There are so many pictures of Jesus, no one knows what He looks like.' I don't know if you saw that on the news when he was interviewed.

Let's see what the Apostle Paul said. I just got a very interesting article written by Dwight Blevins and Carl Franklin. Think on this. How many apostles did Jesus choose? *Twelve!* One was a betrayer, deliberately done because Satan likes to get up into high places to take over. If he can get into high places and take over and there is a hierarchy, then he can take care of everybody else from the top down. Very interesting indeed!

- How many deacons were chosen (Acts 6)? *Seven!*
- Who was the last one chosen? *Nicholas from Antioch!*

The paper that they wrote shows he's the one who started the Nicolaitans in the Church after him. The Catholics call him Saint Nicholas. So, you see how Satan works; he likes to come in, appear authentic, enthusiastic, obedient, *but with a double mind.*

Let's read the warning that Paul gave to the elders in Ephesus. He called them all down to Miletus. And he told them:

Acts 20:25: "And now behold, I know that you all, among whom I have gone about proclaiming the Kingdom of God, will see my face no more; wherefore I testify to you on this day that I am pure from the blood of all, for I have not held back from preaching to you all the counsel of God. Take heed therefore to yourselves..." (vs 25-28).

The most important thing for any minister, teacher is he must, with the Truth of God, by choice and deliberation choose the Truth always:

- in personal behavior
- in preaching
- in teaching

All prophecy has already been given. Even the mission for the two witnesses has been given 2,000 years ago before they ever start. Our job is to watch and see how things develop. We have certain clues that we'll go over those in a little bit.

Prophecy is very important. How many ever figured we'd be here in 2018? With all the fake news going on, and all the things going on, there are tremendous events going on in the world that are going to change the world in a dramatic and powerful way so this tells us that the end is not just around the corner.

Verse 28: "Take heed, therefore, to yourselves and to all the flock, among which the Holy Spirit has made you overseers... [to oversee in

directing, in kindness, in love, in understanding, not overlords (Matt. 20, 1-Pet. 5)] ...to feed the Church of God..."

How do you feed the Church of God? *With the Word of God!* What does it say in one of the Psalms? *O taste and see that the Lord is good!* That is the:

- spiritual understanding
- nourishment for your mind
- the Spirit of mind

that you have the:

- faith
- love
- all of the characteristics of God

That is what is necessary to serve the brethren.

Though we may be few in number here, you will see on the report coming out, that on our websites this year we had over 4-million direct visitors. The average length of time is nearly nine minutes per visit. Something's going on. How that's going to play out in the future we don't know, but people are looking for Truth. We have to always put the Truth out there regardless of what people may think.

"...overseers, to feed the Church of God, which **He purchased with His own blood**" (v 28). The brethren of God **do not** belong to the ministry. *They belong to God the Father and Jesus Christ!* We are only:

- stewards
- caretakers
- helpers
- builders

Verse 29: "For I know this: that after my departure grievous wolves will come in among you... [wolves in sheep's clothing (Matt. 7)] ...not sparing the flock; and from among your own selves men will rise up speaking perverse things to draw away disciples after themselves. Watch, therefore, remembering that *for three years I ceased not to admonish each one night and day with tears*" (vs 29-31). *Then he commits them to God and the grace of God!*

We have talked about some of the *Transcript Books* that we have. I want to again bring to your attention two very important ones we need for today.

1. *Assaults Against the Church*

Believe it nor I did these in the year 2000, right at the time that there was a lot of things going on expressly spoken of here in Acts 20. How did all of those things come about?

At the time God revealed certain books, sent to me, especially the one from Alan Knight. How many have heard of Alan Knight? He wrote the book, *Primitive Christianity in Crisis*. He was a minister in Church of God Seventh Day. He saw what they were doing to Church of God Seventh Day and also to the Seventh Day Adventists.

If you don't have the DVDs that we have, the *Jesuit Agenda for the SDA Church*, you write for that. You need this Transcript Book on *Assaults Against the Church*. I was amazed in reading it because Ken just got it all done. This is also part of the Daniel/Revelation Series. It shows how the seven churches got into the trouble that they did. It shows how Satan works. Amazing, really! Absolutely amazing indeed!

2. *Scripturalism vs Judaism*

There are some amazing things in here, too. I forget when I did this. This was somewhere around the same time. Today we're being assaulted with a lot of Hebrew roots. This all becomes very important in what we are understanding concerning prophecy. What did Jesus say:

Matthew 5:17: "Do not think that I have come to abolish the Law or the Prophets; I did not come to abolish, but to fulfill." We always say *to make the Law glorious and magnify it*.

Who fulfills the prophecies? *Jesus does!* Prophecy in the New Testament is that a prophet brings a forth-telling of the Word of God inspired. A prophecy is an inspiration of God to tell of an event that is going to happen in the near future, such as Agabus did with the drought and things in Jerusalem during the reign of Claudius.

However, the prophecies that God wants us to understand were given by Jesus Christ Himself as the basis for all the other prophecies in the Bible. They all tie together. The key thing is the book of Revelation. All of those prophecies we are to understand. How are we to understand them?

They were so complicated and different from anything that John had ever written that many of the churches did not accept the book of Revelation when it first came out. You compare that with the Gospel of John and it's entirely different.

That's why it starts out in the first chapter: I am Alpha and Omega, the Beginning and the End, the First and the Last. It's called the Revelation of God the Father given to Jesus Christ to give to His servants.

We know certain things that we look at to see the events that are coming. Sometimes we misunderstand them because we do not understand the magnitude of the events at the end. There are

some people who like to hurry and rush the return of Jesus Christ. He's not going to come at the beck and call of any minister, even in the Church of God. He's going to come when it's ready.

Matt. 24—we've been there many, many times. Why do we have to go back here? We will see there are certain key events that must take place in order for us to understand the prophecies. We can look at the first part of it about the temple area. I wrote of that in the last letter, even sent you a sketching of what the temple area looked like with Fort Antonia, and so forth.

Matthew 24:2: "But Jesus said to them, 'Do you not see all these things? Truly I say to you, **there shall not be left here even a stone upon a stone that shall not be thrown down.**'" Here's a perfect, perfect example of a statement by Christ that entails a great amount of effort to fulfill, which only He can fulfill.

Think about it! What had to take place in order for the events to conspire around bringing the judgment against Jerusalem and all the Jews and all the priesthood and the temple area? To have the temple destroyed and not one stone left upon another?

- had to raise up the Roman armies
- Jews had to rebel

From that one statement, all of those things transpire. They had to be caught in *their own delusion*. The Romans set a trap for them and let them all come into Jerusalem because the Jews said, 'If we all get to Jerusalem, then God will spare it.' No, they all got in there and guess what happened?

Of all the stores of food they had stored away, they had enough to last for a number of years, but because there were about 2-million people in Jerusalem at the time, they used all the food up and there was starvation.

What happened? *Other prophecies were fulfilled: cannibalism (Deut. 28)!* All of those things! From this one statement—*shall not be one stone left upon another stone*—to this day, that is true. Is the Word of God true? Then:

- completion of the age (v 3)
- any will come in My name (v 5)

How many people have fallen for all the ridiculous arguments concerning doctrines? We won't go into all of these in detail.

- wars and rumors of wars (v 6)

What do you see on television? We know everything almost instantly; an event happens and we have news alert on television:

- this happened over here in this country
 - that happened over here in this country
 - this happened in the city
 - there was a terrorist attack here
 - there was a bombing there
 - there was bad weather here
 - there was a flood
 - there was a tornado
- kingdom against kingdom and nation against nation (v 7).

Nation—Greek: 'ethnos'—*race against race*. Do we have race against race today? *Yes, indeed!* Over again, over again. Did they have hatred toward the Jews in the Roman Empire? *Vicious, terrible, hateful beyond description!*

- these are the beginning of sorrows (v 8)
- How then do we know the end?*
- delivered up to be killed (v 9)
 - many be led into sin (v 10)
 - many false prophets (v 11)
 - because lawlessness shall be multiplied (v 12)

Think about the end result of lawlessness being multiplied, not just one sin upon another sin upon another sin. But look at what has happened. Just take one major thing today. You've heard of the opioid crisis. How many people are dying because of that one thing? ***Many people will be led into sin***, all kinds of sin:

- spiritual sins
- idolatry
- personal sins
- homosexuality

Look at California, it has nothing to do in the education of teaching the people, but to indoctrinate them into the sexual morays of Sodom and Gomorrah. That's all it's about. Look at all the homeless that we have in California because of how bad the laws have been. It's terrible. And that's only beginning.

- it causes the love of many to grow cold (v 12)
- but here's the warning:*

Verse 13: "But the one who endures to *the* end, that one shall be saved."

We're all confronted with something here that's important. We're not getting any younger. How far away is the end? *The end for a lot of us is going to be out last breath!* We have to be faithful to the end: ***'he who endures to the end.'***

Verse 14: "And this Gospel of the Kingdom shall be proclaimed in **all the world**..." What's

another one that we find that Jesus commanded them to do?

- go into all the world, all nations (Matt. 28)
- to the ends of the earth (Acts 1).

You look at the globe, it's a big world. You think about all the efforts from the time of Christ up until our modern technology.

I remember when they had 8-million *Plain Truth Magazines* a month. What was the statement made? *We have preached the Gospel to the world!* That's like taking an eyedropper and putting a drop of water in the ocean and saying, 'We have purified the whole ocean.'

How's it being done today? More and more everybody gets out their smart phone and here's the Bible on it. ***In all the world!*** God has given the technology for it to be there. Some of the basics that are in the Bible are still true, even though some of the translations are not very good.

- it still talks about sin
- it still talks about repentance
- it still talks about the Kingdom of God

Within all of that, there is not only the warning to the world, but then there is the calling for those who God would call. The whole operation, this one sentence here:

Verse 14: "And this Gospel of the Kingdom shall be proclaimed in all the world for a witness to all nations; and then shall the end come." Think of everything that's going to take place with those whom God has called.

Then within that He is creating His family, preparing those for the first resurrection. On every Scripture you look at in-depth and how far it goes to be carried out and in the lives of how many different people.

Then He gives certain things that we've covered before. What is it that we know that we need to look to? We've covered this, too:

- the abomination that makes desolate stand in the Holy place
- there must be a temple
- there must be the abomination

We've tied that together with the one who says he's 'God' on earth (2-Thess. 2).

Verse 35: "The heaven and the earth shall pass away, but My words..."

- Law
- Prophets
- Grace
- Gospel

- Judgment
- everything in the book of Revelation

You take things in the book of Revelation and you expand them out to what they really are in real time, and those are fantastic and tremendous prophecies

"...shall never pass away. But concerning that day, and the hour, no one knows, not even the angels of heaven, but My Father only" (vs 35-36). When is it revealed that it's going to start taking place? There's one place in the book of Revelation that shows it: *Rev. 5!*

Here's a key. This gives us a parameter but it's very broad. It doesn't tell us exactly what it was like.

Verse 37: "Now, as *it was in* the days of Noah, so shall *it* also be *at* the coming of the Son of man. For as in the days that *were* before the Flood, they were eating and drinking, marrying and giving in marriage, until the day that Noah entered the ark" (vs 37-38).

That tells us an awful lot, but it doesn't tell the scope of it. Gen. 5 & 6 tells us somewhat of it, but what do we really, really know? *Very little!*

I've got some news and some articles to help us understand the times that we're living in and how the prophecies are being fulfilled. This is why I brought out about *Assaults Against the Church*.

- How do the infiltrators work? *Long-term!*
- How are they succeeding? *A little bit at a time!*
- How much have they done in five years? ten years? a hundred years? three hundred? five hundred?
- How many people understand much about the Reformation?

If you did a survey on the street and do a Watters' World, ask those intelligent idiots walking the street of New York: Who was William Tyndale? *Wouldn't be able to tell you!* Who was Henry VIII?

Stop and think of all the events that God had to bring about in order to bring the unfolding of the Ephraim and Manasseh and the other eight tribes of Israel in the end-time.

- provide them with the Bible
- provide them with power
- open the doors for them

What did they develop into? *Between Britain and America we have ruled the world for five hundred years!* First it had to start with the Bible and then there had to be the action taken by the king against the pope. How are you going to get the king

to go against the pope? One of his wives, Anne Boleyn, had the book by William Tyndale, *Obedience of the Christian Man*. The king saw that he had to break away from Rome.

All of that to fulfill *Gen. 49, the prophecies to Joseph, and Deut. 33*. Then to pave the way to get the Word of God to the whole world, beginning with that.

So you see, when we look at these prophecies, we need to think in a greater more all-inclusive way than we have in the past. But now then, what happens? *People become corrupt!* What happens with all the blessings that we've been given? *Look at us:*

- corrupt
- destroying ourselves
- destroying our children
- destroying our land

Here's an article:

[Reformation Theology Waning As Many Protestants Believe More Like Catholics](http://www.prophecynewswatch.com/article.cfm?recent_news_id=1899)
(www.prophecynewswatch.com/article.cfm?recent_news_id=1899).

Here's fulfilled prophecy. At the end-time it talks about Laodiceans within the Church and in the world. You can then read Ezek. 16 & 23 about the prophecies of Israel and what would happen at the end-time. So, all of these things have roots going clear back into the depths of the Bible.

But two new surveys from the Pew Research Center show signs that this is changing as the beliefs of the majority of protestants have reverted toward Catholic doctrine once again...

of works and faith! I can see this by watching TBN. During the daytime when I was recovering from this flu, I took a look at the daytime. They have all these emotional ones, all the women preaching and the boo-hooing. 'We are converting millions and millions and billions in Africa.' Here's the history of it going back to 1957, and showed some of the mass meeting that they had in 1957.

I looked at all of that and I said: How is Africa today? Are they really Christian? *It's one of the most deplorable and wicked places on the face of the earth, all false conversions!*

What's the greatest sin that's causing all of our problems, not only here, but in other places of the world? Not Sabbath-breaking, that's one. *It is the wanton murder of the unborn!* You think God is going to overlook over 50-million murders in America by the nation that's supposed to have the name of God?

To show you how bad it is, here's an article. I won't read it. There are some people concerned about it and want to stop it, do all they can to turn it around. But the system is so corrupt, that the man who got all of the information secretly—remember where they were showing what Planned Parenthood was doing in selling body parts, and so forth. They sued him and took him to court and got him convicted. I think it was overturned by the Supreme Court just recently. But that shows you how everything is so upside down.

[Biotech Firm Caught Selling Heads of Unborn Babies, Officials Find Four Unborn Babies in Its Warehouse](http://lifenews.com/2017/12/26/biotech-firm-caught-selling-heads-of-unborn-babies-officials-find-four-unborn-babies-in-its-warehouse/) by Steven Ertelt, Dec. 26, 2017. (lifenews.com/2017/12/26/biotech-firm-caught-selling-heads-of-unborn-babies-officials-find-four-unborn-babies-in-its-warehouse/)

- Where's that leading to?
- What are men going to be doing?
- Why do they want that?
- Why do they want the brain?

I don't know, but the scientists are truly working on things that are almost unbelievable!

(go to the next track)

Mark 13:28: "But learn the parable of the fig tree: When its branches become tender, and it puts forth leaves, you know that summer is near. In the same way also, when you see these things coming to pass, know that it is near, *even at the doors....* [How close are we to those doors?] ...Truly I say to you, **this generation...**" (vs 28-30)—*referring to the end-time generation* of which the generation at the time of the destruction of Jerusalem was a type.

Many of the prophecies have a first fulfillment, second fulfillment, third fulfillment, in a cyclical fashion, until you get to the place where all these things must be on the scene at the same time. So, if something major is missing, it is not the time.

"...this generation shall in no way pass away until all these things have taken place. The heaven and the earth shall pass away, but My words shall never pass away" (vs 30-31). Remember that concerning fulfilling the prophecies. Christ is the One Who has given the prophecies and will fulfill them.

That's why when you get different men saying, 'I prophesy this, I prophesy that, I prophesy the other thing'... **NO!** It's 'to the Law and the Testimony.' The Testimony includes everything that God has said. Of course, the Testimony is the book of Revelation, not the only, but the major part of it.

Verse 32: "But concerning that day and the hour, no one knows, not even the angels in heaven, nor the Son..." He didn't know until He ascended

back to heaven. Why? *Because all of these things are done by prophetic events, not date-certain!* Once the prophetic events begin to take place, then the dates will fill in.

“...but the Father *only*. Take heed, be watching and praying....” (vs 32-33). That’s what we need to do:

- prayer and study
- Sabbath-keeping
- Holy Day-keeping

All of those things are important to keep us in contact with

- the Word of God
- the Spirit of God
- the plan of God

and have understanding as to what we need to do and how things are developing!

We’ve had how many false alarms, and still we’re going to see there are years and years that are required to fulfill the things that are going to take place. So, it’s like a man journeying and you be watching.

Verse 35: “Be watching, therefore, for you do not know when the master of the house is coming... [we don’t know when God is coming upon us to take our lives] ...at evening, or at midnight, or at *the cock’s crowing*, or *in the morning*; **lest he come suddenly and find you sleeping**” (vs 35-36)—*spiritually sleeping!*

Now is the time for the Churches of God to wake up. The doctrinal assaults are going to come again. That’s why you need this Transcript Book on *Assaults Against the Church!*

- How subtle is Satan?
- How does he work?
- How does he bring it in?

If you’re not studying, and if you’re not praying, and someone comes in and says, ‘I have a new doctrine,’ and shows it out of the Bible and it looks authentic, but it’s really not, how are you going to know what is right and what is not right unless you have been on top of it?

Verse 37: “And what I say to you, I say to all: **Watch!**”

It’s going to be like the days of Noah. How bad was it? *So bad that He had to destroy everyone except the animals that He saved and Noah’s family!* That’s how bad it was!

- How far can man go?
- Made in the image of God, how far will man go?
- How far has man already gone?

- How much further does he have yet to go?

Remember Gen. 11 and the Tower of Babel. Why did God come down and stop them from doing what they were doing? *Because now **anything that they imagine to do, they will do!*** It was not yet time for that to take place.

What are men imagining to do today? All of us we have our little ole lives and we live wherever we live, and our day exists the way it exists, some days good, some days not so good, and so forth. We have to fight and overcome sin within, fight and overcome the problems around us.

Men are working hard, and have been working hard, and the next thing on the horizon is AI: *Artificial Intelligence!* They can, with computers, have artificial intelligence that is so good that they can beat chess masters in the first game.

Have you heard of Watson? *That’s artificial intelligence that keeps track of everything going on in a building and then will tell the repairman when to come in and do the repairs, and things like this!*

What else are they working on? What have they been doing with all of these body parts and genes and chromosomes that they’ve been working with, with human beings for the last 40-50 years?

Steve was telling me during the break that he was listening to BBC, because he’s a Brit in America, so living in the colony he likes to keep track of what’s going on in the homeland. He says right now they’re doing a lot in Britain with the chip and the computer and your brain to try and load up your brain with intelligence.

Years ago I gave two sermons on that for the Feast of Tabernacles, called the *Singularity is Near*. They were talking about it then. What have they come to, to today?

[An AI expert explains how robot-human offspring would work](https://theblogginghounds.com/2018/01/02/an-ai-expert-explains-how-robot-human-offspring-would-work/)

(<https://theblogginghounds.com/2018/01/02/an-ai-expert-explains-how-robot-human-offspring-would-work/>)

Can robots and humans make babies together?

Think of what they’re trying to do. How up-to-date is Gen. 11? *‘Now **nothing that they imagine to do will be withheld from them.*** They can actually make genes and chromosomes.

This is a serious question inspired by some of the advances already achieved in the 21st century by researchers in cell biology and in a discipline variously known as biorobotics, synthetic biology, or bionanotechnology.

Although it had long been a truth universally acknowledged that sexual intercourse was an essential precursor to conception, it was only around 150 years ago that early studies of embryology revealed the reason why, according to the dogma of the time, intercourse was “essential” in human reproduction. The reason was that only an egg from a female, fertilized by a sperm from a male, can result in a live birth. But thanks to the Nobel prize winning work of researchers like embryologist John Gurdon and stem cell researcher Shinya Yamanaka, it has become possible during the past few years to create both sperm cells and eggs in the laboratory from skin cells, obviating the need for a human mother or father to kick off the reproductive process.

At the end of April 2016, Stanford University and the Valencia Infertility Institute announced the result of a collaboration project in which human sperm, with tails, were created from skin cells. Just five months later, testifying to the speed with which stem cell research is progressing, researchers at the University of Bath reported that they had discovered a method of creating offspring without the need for a female egg.

How about that? *Discriminating against women!* Where are all the feminists standing up against this?

This was heralded as a major breakthrough which rewrites 200 years of biology teaching, and could pave the way, for example, for a baby to be born from the DNA of two men.

In August 2017, researchers at Ohio State College of Engineering announced an exciting new technology. “Tissue nanotransfection” (TNT for short) which enables injured or aging tissue to be repaired or restored, including blood vessels, nerve cells and entire organs.

What they do, they make this nanotechnology chip and put it in you and it goes in there and it restores your body. Eternal life in the flesh? *Think about it!*

“By using our novel nanochip technology, injured or compromised organs can be replaced...”

Isn't that something? How about taking care of it in the first place? They're looking for the death gene. No man has escaped and only Christ has been resurrected.

In fraction of a second, TNT injects genetic code into the skin, turning those cells into other types of cells required for treating diseased conditions, generating any cell type of interest for treatment within the patient's own body.

What could you do to your enemy? *Think about that!* You could take your enemy and inject him with it and you just kill him.

When are they going to come with combining animal and human genes? Think about how much money could be made if you could cross kangaroo legs with human legs and develop a basketball star. Jump 12 feet into the air. I thought of that. Think what they're thinking of with this stuff that they're working on.

Robot genes

They are actually making genes and chromosomes for robots.

To answer this question, let us consider the research of a South Korean team lead by Jong-Hwan Kim, a pioneer in robotics. In 2005, Kim and his team at the Robot Intelligence Technology Lab in Korea's Advanced Institute of Science and Technology (KAIST) published a paper in which they describe an artificial creature called Rity, living in a virtual world.

There it is right there. Wait until you hear what the new King Salman, of Saudi Arabia is wanting to do, creating an entirely new city.

They used Rity to test the world's first robotic chromosomes—a set of computerized DNA codes for creating artificial creatures that can have their own personality, and can ultimately reproduce their own kind or even evolve as a distinct species.

Think about that! Have a car that's a robot. It wears out, you just crossbreed it with another one and create a new car and there it is in the garage.

The effectiveness of the Korean team's artificial chromosomes was demonstrated by implanting genetic code into two Rity robots living in a virtual world, in order to specify their personality.

In 2007, the Korean team applied for a patent for their “genetic robot” invention. The patent describes in some detail...

When a sperm and egg meet, their respective DNAs combine so that half of our DNA comes from our mother and half from our father. We need to understand how the Korean model operates in order to

understand how a human-robot baby can be created with genetic codes derived partly from a robot.

Think of what they're doing. That's part of it!

We've got a globe over here and I want you to think about all of everything in what would be called the eastern hemisphere. From Russia all the way down through the Middle East, all the way over to China and the Far East, and all the way down through the Arab countries and into Africa. All the areas of the world that have rarely been developed. That's what they are working on.

They are starting with railroad systems running from China going west, connecting with that from Vietnam, India, Pakistan going west. When they get there, they're going to go to Jerusalem, up through Turkey, into Europe. They're going to come south into Saudi Arabia, and then south into east Africa. All the areas of the world that have fallen behind in development. They already have massive finance ready to build these rail systems.

How many have heard of Prince Salman, the new coming king of Saudi Arabia? I'm going to read some very interesting things there with that.

Sidebar: Do you suppose that Saudi Arabia and Israel are working together to undermine the government in Iran? In order for a lot of these prophecies to be fulfilled, they've got to solve the problem of Iran and Afghanistan, because everything has got to come through there.

Have heard about Saudi Arabia and the project to build the first computerized city, NEOM, new future. It will reach from the border of Jordan down to the Red Sea with a bridge connecting it to Egypt, estimated to cost upwards of \$500-billion. It will be a hub of transhumanism, genetics, and robotics. China is helping to finance high speed trains to join Elate—down in the southern part. There's a map that shows Saudi Arabia, Jordan, Israel and Egypt, all within a stone's throw of each other at the northern part of the Gulf of Aqaba. That's where they're going to build this city.

A new airport is being built in south Israel as well on this new trade route, sounds something like being built to enrich the nations, the wilderness. A report proposed union of Egypt, Saudi Arabia, and Jordan built around it, may be the capital of the King of the South.

Let's look at some things here in the book of Daniel. We'll look at some things that need to take place. These are some of the things that we need to realize in addition to watching for the temple, watching things develop. Europe is going to have to come out of the situation that they are in. The whole

Middle East needs to be rebuilt; it's all destroyed from war.

Dan. 9 is the prophecy of the coming of the Messiah, *His first coming*, and then eventually *His second coming*. First part of it is each week is a seven-year period. They'll be 7 weeks and 62-weeks, that is then 69. Then the Messiah will be cut off. This is important. It mentions the Messiah several times here.

Here's a break in the Hebrew; Daniel 9:26: "...And the people of the prince..." That's not the Messiah. Too many churches have made the mistake of saying that's the Messiah.

"...who shall come shall destroy the city and the sanctuary. But his end *shall be* with a flood, and unto the end of the war desolations are determined. And he shall confirm a covenant with many for one week..." (vs 26-27)--*seven years!* That agreement has to come.

My supposition on that agreement is that whoever the Beast Power is going to be, and we know from Rev. 13 that no one's going to be able to make war against him. What is it that they're working on with the Hadron Collider there in Cern, Switzerland? What are they going to come up with that will look like the invincibility of the power of the world to keep wars from happening any longer? *We don't know!* There are a lot of things going to take place in that whole area, especially from China coming westward.

A covenant is going to be made! The last seven years. We have that in the *Daniel-Revelation* sermon series with the chart concerning it.

"...And in the midst of the week he shall cause the sacrifice and the offering to cease..." (v 27). This tells us there has to be a temple. There has to be the sacrifice. This ties in with other prophecies in 2-Thes. 2; the fulfillment of Matt. 24 and Mark 13.

"...and upon the wing of abominations shall come one who makes desolate even **until the consummation**..." (v 27—***the end of the age!***)

Where does that take place? When does that age end? *It officially ends with the resurrection*, but then it is confirmed with the execution of *the beast* and *the false prophet* (Rev. 19)! All these prophecies were given ahead of time and Christ is the One Who has to reveal and fulfill them and bring them about.

"...And the fully determined end which is decreed shall be poured out upon the desolator" (v 27). What is the decree? *The Words of God! The book of Revelation!* We're talking about big, big mammoth huge things to take place.

Then we know Dan. 11, the time of the end, the King of the South shall push at the King of the North. I've often wondered: What about the King of the South? You look at the king of the south now, Egypt, talks about the treasures of Egypt, they don't have any, they're poor.

However, if they build like they say they're going to build in the Middle East, and if they're going to bring those railroads from China all the way west,

- there's going to be prosperity
- there's going to be wealth
- there's going to be an age of development that we have never seen

What's going to be the cry? **Where is the promise of His coming?**

'Look at what man can do. None of this was prophesied in the Bible' — *but yes it was* (Gen. 11) in one sentence: ***And now nothing they imagined to do will be withheld from them!*** What are they doing? *The unimaginable!*

So, we have all this development. Here it is. Here shows a map of it. This crown prince has 40 Muslim nations signed up to eliminate Jihadist terror. *That's amazing!* It talks all about the railroad, pages and pages on the railroad and this new city, NEOM.

Saudi Arabia Crown Prince Speaks in Favor of Returning to 'Moderate Islam'
(<https://sputniknews.com/middleeast/201710241058504875-saudi-arabia-moderate-islam/>)

How many times have we said in the past there has to come a time when the Muslims are going to quit killing each other. How can you bring about a world government unless that happens? How can you have peace when it says that ***'when they say peace and security, then sudden destruction comes'*** (1-Thes. 5). How are you going to get peace? When the weapon is developed that *the beast* will have, that no one can make war against him, if there's no war you have peace by absence of war.

Saudi Arabian Crown Prince Mohammed bin Salman bin Abdulaziz Al Saud has spoken in favor of returning to "moderate Islam."

"We will return to the former state or affairs, to moderate Islam, which is open to the world, and all other religions..."

Can you imagine that coming from a Muslim? Think about it. I ended up the sermon last week—*Christ Fulfills Prophecy*—saying that God has put it into the hearts of the ten kings to do His will. How is this coming about? Did you know that there's a secret alliance with the Jews and Saudi Arabia now? I

think they're the ones undermining everything in Iran.

"We will not wait for 30 years, we will swiftly deal a blow to extremist ideologies," the crown prince said during the Future Investment Initiative forum held in Riyadh.

That investment forum included the largest building companies in the world to build the city, the build the railroads, to rebuild the Middle East. That means they're going to crack down on Hezbollah.

Then it shows a picture of the city. You can see that on the video. Imagine that, living in a city run by robots. Wonderful picture of President Trump and Prince Salman. Whoever thought that would be, but he's saying it in no excuses.

How many times have you heard people say, 'We've got to get the Saudi Arabians to quit their Wahhabism,' which is killing of the infidels. There it is!

Sidebar: Jared Kushner, son-in-law of President Trump, is the one who has worked with the Jews and the Arabs to help bring this about.

Then here's another one on railroad construction projects, Middle East and Africa. There are so many things going on, it's incredible. You look at the fake news and you see all of these reports, and all of this, just know there's a lot going on that we don't know a single thing about until it comes to the time that we need to see it. ***That's why we are to watch because it's by events!*** This is big time stuff! This is greater than the Marshall Plan after WWII.

All aboard! The Chinese-funded railways linking East Africa
(<http://www.cnn.com/2016/11/21/africa/chinese-funded-railways-in-africa/index.html>)

It's going to be all that area. What is this finally going to facilitate? *Two things!* ^[#1]It's going to help fulfill the prophecies that are in the book of Revelation that there is no other way to explain it.

China is going to be the big player in all of this. You go back to sermon that I gave during the Feast of Tabernacles (2017) about Gog and Magog and how that happens after the return of Christ. ^[#2]China is going to become so powerful, so wealthy, having its financial tentacles everywhere in the world. Even here in the U.S.:

- U.S. gives China eminent domain over U.S. property, where they have investments
- China got Long Beach deal. They bought the port of Long Beach
- they've also got the port of entrance into the Panama Canal on the Pacific Ocean

- the bridge in San Francisco that they finished was done by Chinese firms
- China's thirst for milk gives U.S. dairy farms a boost
- China gives U.S. school budget help (L.A. Times)
- military base given to China on U.S. soil
- feds grant China eminent domain
- Chinese are buying large chunks of land

That is across many places in the world. They're making trade deals with Africa to get all the raw resources they need.

Chinese immigration and the Chinese in the United States: Think about it, right here in Hollister we have cleaning establishments, restaurant establishments, laundromat establishments, and so forth, run by the Chinese. We've got one restaurant right down here at this building that they put I don't know how much money in it to repair it and it does hardly any business at all.

What will happen when a crisis takes place and how many of these will be secret agents to take over? You might say, 'Fred Coulter, you're getting crazy.' *No! Think about it!*

That's just in America! Think about what they're going to do, that whole swath of area, the whole area of the world that has never been developed from China to the Mediterranean. ***For one purpose: to fulfill prophecy!*** That's why we need to watch and we need to look at what is happening. We need to compare that with the prophecies.

Revelation 9:13: "And the sixth angel sounded *his* trumpet; and I heard a voice from the four horns of the golden altar that *is* before God... [two years into the Great Tribulation] ...*and it* said to the sixth angel, who had the trumpet, 'Loose the four angels who are bound in the great River Euphrates'" (vs 13-14).

So important is this event that God had four demon angels bound in the depths of the Euphrates River to dry it up at a particular time in history. How's that for planning?

Verse 15: "Then the four angels, who had been prepared for the hour and day and month and year, were loosed, so that they might kill a third of men"—because all of the pieces are going to break out into a colossal war.

The Chinese are not going to lose their investment. They will have railroads, highways, oil lines, everything they need. Plus, as we will see, an army of 200-million. Stop and think what that's going to take to formulate that army. How much gear? how many rifles? how many whatever it is? *An*

army of 200-million; so many that they can't all be in one place at a time!

Also, you're going to have the highway where these armies are going to come. With the new port city at Elate, you're going to have the ships come around, and come in to the Gulf of Aqaba and unload a lot of soldiers probably from South Vietnam, India and Pakistan come right in there. ***All the armies of the world are going to be gathered together to fight Jesus Christ!*** We need to think in gigantic and huge terms. This is going to be mammoth indeed.

Verse 16: "And the number of *the* armies of the horsemen *was* two hundred thousand thousand..." *That's 200-million!*

Then it shows the fight and the battle. Then we have Rev. 11 the resurrection. Then we come over here to the resurrection that takes place.

Sidebar: One of the Churches of God is going to have a conference with the elders about the Sea of Glass. It doesn't take a conference to understand that there is a Sea of Glass. I'll bring that out, because the resurrection is going to be the most fantastic thing that has taken place.

The whole world is being now set up for the invasion from outer space! You hear it and you see it all the time on television, in movies, in articles, and things like this. They are going to be prepared. They are going to have super weapons to fight against it. So, when the resurrection takes place, here's the whole Sea of Glass over the Holy Land there and all of these armies are going to have to come and fight. The way has been prepared for them to come.

With the seven last plagues, they're going to be deceived the second time into sending more waves of soldiers, troops, and planes. I imagine they will unleash every bombardment they can at the Sea of Glass and it will just be like shooting spitballs at the wall.

God has called us to a great calling! When Christ returns, this is going to be the takeover of the whole world. Do we grasp that? ***The whole world!***

This is why we need to grow in grace and knowledge, and prepare for that day and not let anything interfere with it!

We're going to see these prophecies be fulfilled. We're going to see the building of all of these things. It's going to be hailed as the most mighty, colossal, wonderful thing that has ever happened in human history. ***But it's all going to collapse and end when Christ returns and the saints are resurrected!***

Revelation 16:12: “And the sixth angel poured out his vial into the great River Euphrates... [because it filled back up again] ...and its waters were dried up, so that the way of the kings from the rising of *the* sun might be prepared.”

They know this will be the last desperate battle, the last, last desperate battle. They’ve got to save the world. They have got to save their power and investment and everything that they have. They’re going to be convinced that it is an outer space invasion, which it will be.

Let’s look at some of these prophecies that we see and the development that are coming along and where it’s all headed. ***It will all be fulfilled by Chris!***

Let’s keep watching, waiting, and praying!
